Whitewater Rafting

on the

Arkansas River

For all you thrillseekers this is the trip to be on. We will spend Saturday on an all day trip through Brown's Canyon paddling through rapids with names like zoom plume, widowmaker, raft ripper and Siedel's suckhole. Then on Sunday we will do it all over again through the Royal Gorge where you will get up close and personal with rapids by the names of sledge hammer, squeeze box, boateater and corkscrew. These are all class IV and V rapids. We will be using guides from the excellent company of American Adventure Expeditions. We will be camping at the Chalk Creek Campgrounds just south of Buena Vista. They have the number one rated shower and bathroom facilities in the state. This is also the weekend that the 61st Annual Kayaking Races are happening in Salida complete with free carnival and concerts.
